CPT ABW training for the Emergency Communication Center in Bydgoszcz

Szkolenie CPT ABW dla Centrum
Powiadamiania Ratunkowego w
Bydgoszczy

On October 5-6, 2021, CPT ABW officers conducted anti-terrorist training for emergency number operators and emergency responders/dispatchers in the Kuyavian-Pomeranian Voivodeship.

The anti-terrorist training that was delivered, included, inter alia, best practices and recommended actions in the event of a terrorist incident. The audience was also introduced to the 4U! Social Campaign carried out by TCPoE. The training delivered insights into the issue of proper behavior in a hostage situation and under circumstances of receiving the so-called dangerous shipment.

An important element of the training were also issues related to the role of information in the process of

building an organization's security policy in the context of terrorist threats.

The training was part of the TCPoE's cooperation with the Ministry of Interior and Administration, aiming at building a harmonized and stronger security culture in the emergency communication system related to a possible terrorist act.
