CT-training for the Building Research Institute

On 7th March 2022, experts from TP CoE conducted anti-terrorist prevention training for the staff of the Building Research Institute.

The training delivered insights into the best practices and recommended action in case of a terrorist event. The officers of the Center also provided audience with information on the 4U! Social campaign carried out by CPT ABW. They also discussed the issue of the best course of action in a hostage situation.

An important part of the training were also issues related to the role of information in the process of building an organization's security policy in the context of terrorist threats.
