## Participation of TPCoE in the conference of Civil Aviation Authority

ULC

On 20 May.2022, a representative of TPCoE took part in a conference organised by the Civil Aviation Authority and the Polish Post: "Improving the Competence Management of Security Control Operators".

The event was dedicated to the conclusions and insights from the implementation of centralised workshops and training for security control operators.

The conference also presented the role of the TPCoE in building airport resilience as part of aviation critical infrastructure and addressed cases of radicalisation of civil aviation personnel.
