TPCoE training for the management of the Patent Office of the Republic of Poland

TPCoE training for the management of the Patent Office of the Republic of Poland

On 13 June this year an expert of TPCoE conducted a training course on terrorist prevention for the management of the Patent Office of the Republic of Poland.

The meeting was devoted to issues related to building an organisation's security policy in the context of current threats, including terrorist threats. During the meeting, issues related to the vulnerability of persons and objects to incidents, the role of the security leader in an organisation and the modus operandi of persons associated with terrorist activities were discussed.
