Awareness raising of Prison Service officers as part of the implementation of the agreement between Internal Security Agency and Prison Service

Służba Więzienna

On 23-24 June, a training course for Prison Service managers and specialists was held at Prison Service Training Centre in Sucha, which was devoted to information security in the context of human factor threats.

Listeners were drawn to issues concerning the sources of information threats: the reasons why they arise and how to deal with the consequences of their occurrence. The problem of information advantage and the issue of access to reliable information in terms of building a positive image of the entity and the

uninterrupted operation of the institution were also presented.
