TPCoE training for Enea S.A executives and employees

On 7 October 2022 TPCoE conducted a training course on terrorist prevention for the management and employees of the Polish energy company Enea S.A

The training was dedicated to discussing the recommended way of behaviour in the event of a terrorist incident, including a mass murderer attack or the danger of perpetrators using explosive devices.

The training highlighted the dangers of the radicalisation process and discussed how to respond appropriately to a so-called dangerous package.

The training is part of an educational campaign initiated by TPCoE to raise awareness also among state-owned companies of strategic importance from the point of view of Poland's energy security.
