TPCoE training for The Space Research Centre of the Polish Academy of Sciences

On 10 October 2022, TPCoE experts conducted a training course on counter-terrorism prevention and methods of obtaining information in the context of a terrorist event for the staff of The Space Research Centre of the Polish Academy of Sciences.

The training included a series of presentations on best practices and recommended conduct in the situation of a terrorist incident. The Centre's officers acquainted the listeners with the 4U! social campaign conducted by TPCoE. The training also discussed issues concerning the role of information in the process of building an organisation's security policy in the context of terrorist threats, methods used in the situation of

attempts at unauthorised acquisition of information.
