Anti-terrorism training for prosecutors and employees of the lustration division of the Institute of National Remembrance

As part of its mission to create anti-terrorism awareness, on 11-12 October 2022 TPCoE conducted a training course on terrorist prevention for prosecutors and employees of the Lustration Bureau of the Headquarters and Branch Lustration Bureaus of Institute of National Remembrance.

The two-day training course, which was organised, was devoted to discussing good practices and the proper

response in the event of terrorist incidents, including an attack by a mass killer, the danger of the use of explosives and a so-called dangerous package.

The training highlighted the dangers of the radicalisation process and discussed how to notify the services of the threat. Knowledge was also imparted on the issue of emergency rescue.

The training is part of an educational campaign initiated by TPCoE to raise anti-terrorism awareness among government officials.
