On 27 October 2022, TPCoE experts took part in an instruction and training meeting organised by the Penitentiary Bureau of the Central Board of Prison Service for penitentiary managers of penitentiary institutions and remand prisons and penitentiary specialists of district inspectorates of Prison Service.

This was another such event organised at Prison Service training centre on the basis of the agreement

signed by the management of both services in 2021 on countering radicalisation and terrorist threats.

The event summarised the cooperation to date and established the basis for expanding cooperation between the services. During a presentation by TPCoE experts, issues such as the role of information in the context of building an organisation's security policy were discussed, as well as the characteristics of contemporary threats related to ineffective information management
