Training for the Lublin branch of the Institute of National Remembrance

IPN Lublin

On 04 November 2022. TPCoE experts conducted a training session for the staff and management of the Lublin Branch of the Institute of National Remembrance.

The training was devoted to discussing the recommended way of behaviour in the event of a terrorist incident, including a mass murderer attack or the danger of perpetrators using explosive devices, as well as issues related to the role of information in building security policy in the context of terrorist threats.

The training is a continuation of the education process initiated by TPCoE to raise anti-terrorism awareness among government officials.
