TPCoE training for employees of Polish Financial Supervision Authority (UKNF)

Szkolenie CPT ABW dla pracowników Urzędu Komisji Nadzoru Finansowego

On 08 November this year, a TPCoE expert held a training session at the UKNF on building information security policies in the context of counter-terrorism prevention.

During the meeting, issues related to the vectors of current threats, the interest of terrorist organisations in the information needed to plan and carry out an attack, as well as the role and elements needed to build a security policy were discussed.
