TPCoE participation in the Kalisz conference

Szkolenie pracowników ARiMR

On: 22 - 23 November 2022, an All-Polish Scientific Conference entitled 'Prakseology of interaction of security actors in crisis situations' was held on the premises of the Kalisz Academy with the participation of TPCoE.

The event was attended by representatives of national research centres, uniformed services and private sector entities. The conference was divided into three panels: efficiency of interaction in security and public order, efficiency of interaction in crisis management and theoretical and practical aspects of interaction of entities in the implementation of protection and defence tasks for state security. During the last panel, TPCoE expert gave a lecture: "The role and tasks of TPCoE in the field of terrorist prevention".
