TPCoE training for students of Bialska Academy of Applied Sciences

Szkolenie CPT ABW dla studentów Akademii Białskiej Nauk Stosowanych

On 29 November 2022, TPCoE conducted a training course on counter-terrorism prevention for students of the Academy of Applied Sciences in Biała Podlaska.

The event included a series of presentations on threat typologies and best practices, as well as recommended behaviour in the event of a terrorist incident. On this occasion, the 4U!social campaign conducted by TPCoE was presented. The issue of correct behaviour in a hostage situation was also raised, as well as how to inform dedicated services of the threat.

The training is part of an awareness-raising campaign initiated by TPCoE also among institutions responsible for education, in particular to build the resilience of academic and scientific institutions against terrorist acts of violence.
