Forum on Critical Infrastructure of the Financial System 2022

Forum Infrastruktury Krytycznej
Systemu Finansowego 2022

On 5 December 2022, TPCoE officers participated in the Forum on Critical Infrastructure of the Financial System 2022 organised by the Ministry of Finance.

The meeting was also attended by representatives of other institutions responsible for the security and protection of financial sector institutions, including: Government Centre for Security, Civil Aviation Authority, Polish Air Navigation Services Agency, Polish Financial Supervision Authority, National Bank of Poland, Bank Gospodarstwa Krajowego, Polish Security Printing Works.

The aim of the conference was to discuss issues related to unmanned aerial vehicles and, in particular, to prevent drones from being used in a way that threatens safety.

At the end of the session, a representative of TPCoE presented the results of practical exercises on the

malicious use of drones in public spaces, their detection and neutralisation, which the Centre conducted together with other units of the Agency.
