TPCoE training for students and teaching staff of Academy of Zamość

Szkolenie CPT ABW dla studentów
oraz kadry dydaktycznej Akademii
Zamojskiej

On 26 and 27 January 2023, TPCoE experts conducted a training course for students and teaching staff of Academy of Zamość.

The two-day training was devoted to discussing the mission and tasks of TPcoE and the role of information in building security policy in the context of terrorist threats. The event also covered the recommended course of action in the event of a terrorist incident on the example of 4U! procedure authorised by TPCoE.

The training is part of TPCoE's initiative to raise awareness among staff at universities and to build resilience to possible terrorist threats.
