Training for the Białystok branch of Institute of National Remembrance

Szkolenie dla białostockiego oddziału Instytutu Pamięci Narodowej.

On 23-24 February 2023, TPCoPE experts conducted a training course for employees and managers of the Białystok Branch of Institute of National Remembrance.

The training was devoted to discussing the recommended way of behaviour in the event of a terrorist incident, including an attack by a mass killer or the danger of perpetrators using explosive devices, as well as issues related to the role of information in building security policy in the context of terrorist threats.

The training is a continuation of the education process initiated by TPCoE to raise anti-terrorism awareness among government officials.
