## Anti-terrorism training for Polish Post Office

Szkolenie antyterrorystyczne dla Poczty Polskiej

On 22 March 2023, a TPCoE expert conducted a training session for members of the board of directors and management of Poczta Polska S.A..

The training was devoted to discussing the recommended way of behaving in the event of a terrorist incident, including a mass killing attack and extremist use of explosives by the perpetrators, as well as issues related to dangerous mail.

The training is another in a series of events initiated by TPCoE as part of the process of raising anti-terrorism awareness among staff of state-owned companies.
