CPT ABW training for employees of the National Bank of Poland

Szkolenie CPT ABW dla pracowników Narodowego Banku Polskiego

Between 02 February and 18 May this year, TPCoE conducted a series of training courses on building information security pollicising in the context of counter-terrorism prevention, dedicated to NBP staff.

The meetings were devoted to issues related to building an organisation's security policy in the context of current threats, including threats from state and non-state entities.

During the training, the participants were familiarised with the forms and methods of collecting information with the use of technical devices, as well as tactical aspects and threats resulting from the use of the so-called insider by a potential adversary.

Particular emphasis was placed on issues related to the vulnerability of persons and objects to unauthorised interference and recommended

behaviour in the event of the detection of an event of this nature, as well as proper preparation for foreign delegations.
