## Training of the branch of the Institute of National Remembrance in Poznań

Szkolenie oddziału Instytutu Pamięci Narodowej w Poznaniu

On 1-2 June 2023, TPCoE experts conducted a training course for employees and managers at the branch of the Institute of National Remembrance in Poznań.

The event included a discussion of issues related to the role of information in building security policy in the context of terrorist threats and the recommended way of behaviour - the so-called 4U! procedure, in the event of a terrorist incident.

The training is a continuation of the education process initiated by TPCoE for the personnel of Polish public institutions in connection with increasing their resistance to terrorist and information threats.
