Training for Orlen Ochrona Sp. z o.o.

On August 4, 2023, a TPCoE expert conducted a training course on anti-terrorist prevention for the management of ORLEN OCHRONA Sp. z o.o. company.

During the meeting, special attention was paid to the specifics of the operation of entities related to the fuel industry in the context of the current international situation. Discussed, among other things, issues related to recognizing the symptoms of a terrorist threat, as well as recommended ways to act in the event of such an attack, such as contact with an armed perpetrator, the use of explosives or the use of a so-called dangerous package.

The training is part of the TPCoE's campaign to raise awareness among personnel of companies in the energy sector about threats to national security.
