Anti-terrorism training for the company PGE Energia Ciepla S.A.

On 28 September 2023, a TPCoE expert conducted a training session for the management of PGE Energia Ciepla S.A..

The training was devoted to a discussion of the recommended course of conduct of in the event of a terrorist incident, including a mass murderer attack, the danger of perpetrators using explosive devices, as well as issues related to a dangerous shipment.

The training is part of TPCoE's awareness-raising campaign for companies of strategic importance to national energy security.
