## Training for officials of the Ministry of Funds and Regional Policy

Ministerstwo Funduszy  
i Polityki Regionalnej

---

Training for officials of the  
Ministry of Funds and  
Regional Policy

## On 11 September 2023 a CAT ABW expert conducted a training on building security policies against information threats.

The event was part of the promotion of knowledge on contemporary threats caused by hostile actions in the information area. Against this background, the main focus was on aspects related to information protection, including issues related to the vulnerability of persons and objects to unauthorised interference from state actors and extremist-terrorist organisations.

Information threat prevention also addressed preferred protection mechanisms for hybrid security incidents resulting from careless use of social media.
