CAT ABW training for the Lodz Voivodship Office

CAT ABW training for the
Lodz Voivodship Office

On 11 February this year. The Anti-Terrorist Centre of the ABW held a training session for representatives of the Łódź Voivodship Office. The main topic of the meeting was anti-terrorist prevention.

An important element of the training was the provision of practical guidance on responding to terrorist incidents. This part included the presentation of best practices and recommended actions in the event of a mass killer attack, the use of explosives and the threat of contamination agents. Participants were also introduced to the '4U!' public awareness campaign, which promotes appropriate behaviour in emergency situations.
