CAT ABW training for the Marshal's Office of the Łódzkie Region

CAT ABW training for the Marshal's Office of the Łódzkie Region

On 12 February 2025, a CAT ABW expert conducted a training course for the management staff of the Marshal's Office of the Łódź Province.

During the training, the procedures for responding to terrorist threats, including mass-killer attacks and the use of explosives, were discussed. The expert stressed the importance of responding quickly, protecting lives and minimising the consequences of an incident, as well as methods of recognising and preventing escalation of risk.

The training was held as part of the '4U!' campaign, which promotes awareness of terrorist threats and responsible action in emergency situations. Its aim is to prepare various professional and social groups to respond effectively.
